MEMORANDUM

September 11, 1973

TO: EB/ORF/FSE - Mr. Mau
EB/ORF/FSE - Mr. Whitman

FROM: L - Stephen M. Schwebel

SUBJECT: Memorandum of Conversation of the Meeting of September 5, 1973, of Messrs. Casey, McCloy et al.

I have two problems with this memorandum of conversation, which generally I find to be excellent, and which I was glad to review and revise in draft.

First, it does not indicate that, when the companies' spokesmen asked that [redacted] Mr. Casey, in his response to this request, stated that [redacted] would not be a problem (or some such reply). I noted that reply of Mr. Casey in my handwritten notes, and wrote it in on the draft of the memorandum of conversation that Mr. Whitman was good enough to let see; I am sorry that it did not find its way into the final version of the memorandum for, to the best of my recollection, Mr. Casey did make a response of that substance.

Second, among the U.S. Government Representatives listed as participating on the cover sheet (which I did not see in draft), I am not included, though I was present, as the narrative of the discussion makes clear.
